And niggas taking too long to get you your cash, this is how it's going

I've been thinking, too motherfucking much
I've been, worrying too motherfucking much about your feelings
Less bout my dealings
Gotta feed my village
Now I got four words for you
It's fuck you, pay me
Fuck you, pay me

So make sure you pay that invoice
Don't make me use my big voice
Hoe this ain't no motherfucking game shit
Money is time
It's in your account but that money is mine
Usually I'm cool, I don't really be pressing
But this right here ain't one of them times, boy

It's only one way to settle that difference
Pay me right this instance
It's only one way in case you missed it
If it's ever the next time, it's gonna come with interest

I've been thinking too motherfucking much
I've been worrying too motherfucking much about your feelings
Less bout my dealings
Gotta feed my village
Now I got four words for you
It's fuck you, pay me
Fuck you, pay me
Fuck you, pay me
Fuck you, pay me
It's fuck you, pay me
