

How You Wanna Do It

Problem

Do you want it over here
Do you want it over there
Got me smacking on yo ass while I'm pulling on yo hair
We can do it in the house or we can do it in the Benz
She gon swing on a nigga while the homies with her friends
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it

Not just blue bottles I popped the Xans
Now I'm on now your bitch is on me your bitch is on me
And we gon get faded I pictured her naked
I'm popping my eyes and baby what is gon be
And how you wanna do it do it
Ass in the air face down to my music
How you wanna do it do it
You can fuck us out the front
She gone come through and get it jumping

We gonna get it popping lil' mammy just let me beat it
Set me off girl my flow acting all
And let me eat that shit
Young nasty bitch know how to treat a nigga
Pussy is my appetite and she gonna feed a nigga
And she know a few [?] so ain't no tricky face
And we bad before we sprung like and official beat
Laid up in that pussy that's a [?] meat
Then I said non stop like a swad meat
Oh but nah never let a square bitch play me
Seen I got cash now nigga take yo lady
If she ain't making profit I replace her catch a shady
She thinks she gotta balling cause she rode in my Mercedes

Do you want it over here
Do you want it over there
Got me smacking on yo ass while I'm pulling on yo hair
We can do it in the house or we can do it in the Benz
She gon' swing on a nigga while the homies with her friends
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it
How you wanna do it

They saw me pull up and they want [?]
So they put their body on me one from one behind
Shirt off like Machiavelli running it like a relay
They reach for my stick from behind
How you wanna do it do it
Bust it open one time for the movie
That's how they wanna do it do it

Baby said she wanna fuck tryna prove it
I fell through deep this dick go deep
My face game will have baby fucking up her sheets
Your baby bout her money her money
Yeah she be getting that gua
Before I put her on game a couple niggas done got her
She in my master suite no more remodels
How she got me a text she getting off in an hour
Came straight to me got her off in the shower
I know she feeling the power
I know she feeling a nigga because she pose to
Her mommy say I'm good for her like whole foods
But her mamy don't know what else I'm good at
Drugs got her good baby when you wanna do it
