

# I Need A Grammy

## Problem

The way the track, how it rolling, I need a grammy [x2]  
No suite and tie, could be impress  
(Hustle on the sweet green) the green gas  
The way the track, how it rolling, I need a grammy  
The way the track, how it rolling

I'm a nigga round table suites  
Cooking up, yeah we got truce  
Straight salute, pistol on and now it going shoot  
New cool, mooney ain't nothing, your bitch ain't nothing  
She know that I'm stunting  
I cook her the blow, you know I ain't bluffing  
I'm taking your ho and you know I ain't cuffing  
Yeah and if it ain't gonna be no  
Then fuck your discussion  
Get the bricks, split the bricks, banana split  
Banana clips, don't trip, empty the whole clip  
At your lip, at your hip and back to the trap house  
The way it rolling, I need me a grammy  
I bet I won't miss out  
On the block, lurking for customers  
I bet I won't miss out  
In and out, in and out  
Get him in, get him out, I need me a grammy

Had a couple ground, had to get them all  
Had a couple of people fainting at the mall  
Got to get a grammy, trev, trevisol  
Tribbing doll  
On the street bow serve, all the dope serve  
Then we gonna hit the mall  
Got a couple brick stashing behind " T" house in the wall  
Gotta get a grammy  
Gotta, gotta get a grammy  
Came up nigga serving zoom zoom zowams  
MT talking about money I'm spending  
All around the globe  
International trip  
And I got the bitches on the plane with the brick shit  
International flip  
Gotta get the grammy  
Just to stand free nigga gonna remember me nigga  
And I gotta plug up tennessee nigga  
For a ton a key nigga  
And I got a mother fucking plane  
Come and get at least ten a week nigga  
If a nigga say they wanna eat raw meat, then a nigga must bring a guess

What y'all know bout spot living  
Slang your sacks, extra straps in a bag hidden  
Hold hoes on the couch smoking, dice game going on in the back kitchen  
Real short and I'm back tripping  
Lights off, we out fishing  
Explored in the expedition  
Bossing up for the best position

Suited and booted, hotter than shoes  
I was recruited  
Loud in this room  
Bringing rose on them nice  
I am the coolest, what?  
Long way from them Ramen noodles  
Wrong move will get your noodle ramen  
Going hard all on that gram, my IG got the coolest comments  
Head bust for that shot vowed  
Got hands and I out style you  
Same clothes for three days  
This can only go three ways  
I win, I win, I win  
Losing ain't optional  
I'm either gonna end up on the mother fucking Forbes  
Or I'm sending somebody to the hospital
