### Problem

Hol' up, I got somethin' to say  
Wouldn't none of this shit be goin' without Dre  
But I'm the one to put his own records out  
Without signing to a nigga from the east or the south  
Back with that bounce, the bullshit, the bull pit lit  
Killin' Cali, we're out here, where wolves get bit  
Ask around, bruh I'm kinda important  
Me and Game takin' shots with Khloe and Kourtney  
Y'all ain't there cause y'all keep too many niggas around you  
Gotta watch that shit, your own niggas'll down you  
Yeah, left dead while your niggas surround you  
With a unshot pistol that you bought for 'em  
My car Nipsey Hussle with a hot Lauren  
New new, I see your new nigga, ex girl, boo boo  
No toilet seat, ignorin' beef these days  
Let's talk this ball and Kenny Smith, EJ

I was mobbin' through the club  
Me and Nick off drugs  
Seen a rapper that don't like me  
Still he reach to give me hugs  
Type of fuck shit is that?  
Man I swear you niggas coochie  
Harty at you niggas hoochie  
Man, them bandanas don't fool me  
Save that thuggin' for your mama  
She the only one believe you  
Can't keep hidin' behind them lies  
Bruh, I see you when I see you  
I got the money, I got the money  
Dollar ain't shit, we set the bar  
If you got the money, you got the money  
Then why you drivin' that nigga's car?  
Yeah, why you wearin' that nigga's chain?  
Why you fame made off that nigga's name?  
Cause as soon as he don't want you to hang  
You gon' be back suckin' my dick again

I got the proof  
I can make that pretty pussy shoot  
Like the thang aimin' at a hoop  
Baby, I'm the coach  
Rich nigga smokin' 'til the roach  
Carbon bitches, y'all scared to approach  
I can admit, I'm quite intimidatin'  
I oversee your position, that's quite an understatement  
Got 8 plus on these niggas so when I war  
So tap it louder than that nigga that Kylie Jenner dated  
What, bet ya'll niggas gon' say that's a diss  
Text comin', yo Prob, I reply, who this  
Them 3 dots pop up and then they go away  
Guess they upset the young king ain't got they number saved

Man, these niggas emotional as my son's mother  
Just like her they upset cause I don't love her  
All I need is Nick, Luck, Bird, Louie and Fat  
Weez, DOG, Preez, we put the crew on the map

Yeah, go at that, I react like a zombie  
The marijuana helpin' calm in, the demon inside me  
Still remember when I didn't have a pot to piss in  
When I was doin' it for the love and not the recognition  
My buzz died and niggas couldn't get one favor  
Now I got the juice, and it just made out the fruits to my labor  
What, go ahead, pussies have assist  
Yeah I forgive but best believe I will never forget  
Me and Wiz playin' pool, walkin' in like we brothers  
Overlookin' the city, knowin' no one's above us  
Game tradin', posse livin', that's what we be on  
Laughin' laughin' cause he check the boy for havin' Yeezys on  
It's Sunday, Chaci might as well take him to church  
Writin' on my second story like I just finished the first  
Diamond lane, come celebrate this lithuation  
Got with Quik and it solidify my situation  
Cause y'all don't believe in greatness until the masses say it  
Or until the Master say it

On and off the court, shit  
Mid 30's and I'm lookin' like I'm 25  
Don't put me in no combo with them lil niggas  
Cause everythin' look real 'til the real arrive  
They see us, get nervous, their bodies start twitchin'  
Then behind our back, tell our business to bitches  
And business to niggas that ain't got no business  
In my business, for that is no no forgiveness  
And they know I'm with the shit, that's why they don't try me  
Cause I done turn it up on everybody  
What, nigga west to the east, east, east  
Only thing I turn down was a street  
What, put it in her deep, baby skeet when I squeeze a cheek  
Faithful as a preach, on G, man she had to cheat  
Yeah, like she ain't study for a test  
Problem, most underrated out the west  
That's the word, who had you niggas swallowin' pills?  
They try to keep me out the loop cause I ain't signin' no deal  
Now 6 years later, yeah, I'm still right in they face  
Who else in LA got a hit without a feature from Drake? I'll wait
