

Living Good (R.I.P. Jen)

Problem

I'm living good why you wanna see me doing bad nigga?
Your bitch just left say its the best night she done ever had nigga
Hoe stop lying, real bitches holla out
Nigga stop lying, real niggas holla out

I came back with some better rhymes
Bigger name, bigger chain and better rock
As I operate the enterprise
Real nigga first mil you re-energize

Fake gone, real finna rise
Niggas wouldn't believe all the bad bitches I done been inside
Beating the odds ain't a bigger prize
Kill me off 'fore I live a lie

I'm living good why you wanna see me doing bad nigga?
Your bitch just left say its the best night she done ever had nigga
Hoe stop lying, real bitches holla out
Nigga stop lying, real niggas holla out

My phone won't stop ringing
Fat T keep on hitting
The homie just got his head knocked off on central
To us that's fucked up to the opps that's a victory
15 years later still fuck with me mentally
Won't let it get to me (roll up)
The weed it be fixing me off of 6 o's like and Nipsey be
Let me break it up, life like dice time to shake it up (what)
(Diamond) I'm living life boy
And she bust it open for the right boy
The devil think we got a price boy
It's on you if you gonna prove them right boy
Diamond light, Mr light nigga
Chained up turning up like the white niggas
I'm doing me why you mad, what's the gripe nigga?
I hit the weed then I run the light nigga
Shots

I'm living good why you wanna see me doing bad nigga?
Your bitch just left say its the best night she done ever had nigga
Hoe stop lying, real bitches holla out
Nigga stop lying, real niggas holla out

Light the weed then I levitate
We in this here to innovate
We'll let all you other niggas emulate
Survival in this shit that'll make 'em whine

Wait a minute what the fuck is your problem?
You got a fucking problem?
I know what your problem is
You got nothing better to do with your life
But I'll give you a fucking real problem
Chachi talk to these motherfuckers

Throwing fingers out the roof motherfuck a truce
HBK diamond lane we hit our squad goals
Don't need you niggas for nothing as far as our squad goes
