

Made For This

Problem

Same old shit just another day
Shit fucked up but I got to make a way
Can't be mad cause the haters gon' hate
I'm 'bout this cash so I'm trying to get paid
Same old shit just another day
Shit fucked up but I got to make a way
Can't be mad cause the haters gon' hate
I'm 'bout this cash so I'm trying to get paid

Nigga I'm made for this
Started from the bottom now I'm here
Because I'm made for this
Had to make them troubles disappear
Because I'm made for this
Used to call me nothing now I'm something
Because I'm made for this
Yeah that's right I'm made for this, made for this

The girls always open, I shop when it's closed
Middle fingers to the haters, while I'm popping the Rose
Don't function with fake, I'm too real for that
Lil nigga don't small talk me, don't you know I'm too big for that?
Thank God I'm alive, I thank God I'm alive
Straight shots to the head, my God I'm alive
Playa do your drugs, baby sip your drank
And keep doing it big in front of them niggas that told you you can't

Same old shit just another day
Shit fucked up but I got to make a way
Can't be mad cause the haters gon' hate
I'm 'bout this cash so I'm trying to get paid

There's always a nigga that ain't got shit
Just tryna tell a nigga how to get some
