I took a little vacation
Had to put it all in perspective
And now I'm back, motherfucker
Relapse, motherfucker
I took a little vacation
Had to put it all in perspective
And now I'm back, motherfucker

I wish these niggas would get off my dick (dick)
Shit your ho already there
Packed a lil bag gettin' high with the guy lookin' to the sky
Baby I'm already there let's go
I'm cloud stepin' cause I popped one
These mark niggas I am not them
Turn your day black as Gotham
I'm high as fuck about to sock some
Miami on a yacht huddlin' I made mine
I don't fly cousin, do my thing til the cops comin'
My YSL's keep the block bobbling
My [?] keep the block rumblin'
[?] stuntin' but I'm not stumbling
Who she kissing? You let me in in that Gucci lips
From day 1 I talk like this cause I'm day one, block boy
Me coming back to my hood is something no nigga can't stop boy

Just one nigga fuck my bitch

Niggas like "How you let a little man come and just take your position?"
With fake ass beats [?] niggas 20 deep
Tried to defuse it, keep it all amusing
Fuck it we can blame it on the streets I suppose
A real nigga rule number 3-54 never ever ever ever beef over hoes

Plus my toilet paper is long enough to have that ass bleed
Like when your ass wipe too hard [?]
In the squad I trust
And my momma probably gonna be mad at me
But I'm back on the dust
And I brought some more dope for the city
My drug's good, my plug good
Get a [?] for the 50

Where the [?] at? He the man with the [?]
All rush no cut, he the man with the fire
Go time, show time I'm the man on the [?]
Can't respect no nigga if he can't look in my eyes

When I'm talking to him
Y'all was rappin' about it I was walkin' through it
Gangsta shit boy I can talkin' fluid
