

SOUL CIRCUS / CHUPACABRA OUTRO

Problem

Listen, sometimes it's okay to be the villain in the made-up story that these people got going on in they mind, 'cause I'm telling you right now, I'm okay. In your story, I'm the villain, 'cause you the clown in mine, mhm

Why so serious?

You know what I'm sayin', ain't no hero without the villain
Niggas really- I think niggas really do fuck with the villains
more than the heroes, though, to be honest, man, you know what
I'm sayin'?

The hero usually gotta-, the-, the-, the-, the hero usually gotta break bread with the villain and-
Come on, man

Ay man, you know Homey don't play that

They say pussy and paper is poetry, power and pistols
Top of the pyramid, aim at your tower with missiles
Click boom, raided, lay in the tomb, brainiac playin' the fool
The greatest get grated like cheddar and swiss do, dismiss you
The new Captain Rap, I'm Cletus Anderson grandson
Very Important Platters get sold, I record on Saturn
Ask Ice-T where he tracked his first demo at
My roots run deep, my family might've started gangsta rap

Y'all know Homey don't play that, nah
The Damon Wayan in with us, the living color will fade to black
I raise the stakes, you SDA. Miss with that bullshit or get smacked

(You know Homey don't play that)
Huh, you liable to get socked out
Squares in your circle get boxed out
Like a pack of cigs, catch me in Diamonds like I'm out
Welcome to the UniverSoul Circus
(And you know that the Homey don't play that) Bitch

Everybody loves a circus

They highlight our fascination with trying to explain the unexplained and allow us to tell our cultural histories by merging fact and fiction. I can't help but wonder, what form will the chupacabras take next?
