

# Standing Ovation

## Problem

The last cup of coffee had me a little jittery  
These afternoon vibes is the wave  
I ain't gon' lie  
Hold on, baby  
Hold on, hold on  
I'm still recording  
I'll be there in a little bit  
Uh uhhhh hold on

I need a standing ovation this a celebration (get up)  
Yeah  
Give me a standing ovation this a celebration (get up)  
I want a standing ovation this a celebration  
Uh, get up  
I need a standing ovation this a celebration  
Yeah, uh

I want a standing ovation for this real nigga demonstration  
This independent innovation  
They yell my gang around the nation  
Swig big counted up without ever once player hating on no nigga  
Huuuuhhh how many niggas could say that?  
Let me say it louder for the back mmm  
You ain't a boss if you can't handle catching flack  
It comes with the funds you gotta keep it all intact  
A few my road dogs hit the feds back to back  
Free the guys getting high parking coupes back to back in front the f  
unction  
Me I can't complain I'm eating good, life scrumptious  
Ignoring hoes' calls at these billion dollar lunches  
Whew without the gang I'd be nothing  
Huh without the gang I'd be nothing  
Y'all niggas talk a lot, but ain't saying nothing  
Do it on your own now that's saying something (whaaaattt)

I want a standing ovation this a celebration (get up)  
Yeah  
Give me a standing ovation this a celebration (get up)  
I want a standing ovation this a celebration (get up)  
Get up  
I need a standing ovation this a celebration (get up)  
Yeah, uh  
I want a standing ovation this a celebration (get up)  
Uh, get up  
I need a standing ovation this a celebration (get up)  
Yeah, uh  
I want a standing ovation this a celebration  
I need a standing ovation this a celebration  
Oooh standing ovation this a celebration
