Five, four, three, two, one, I'm take off and I'm outta here
Lefty Gunplay and my teeth is like a chandelier
And I've been tryna find myself, lookin' up in the mirror
And these Amiri jeans, bitch, don't even get near
Yeah, on the game, so fresh and so clean, clean
OTR, on my mama, it's been the dream team
I be trippin' though, finally changed my life (Yeah)

Lefty Gunplay on the gang, I feel like Justin Bieber (What?)
Next time my pops start bondin' gangin', I'ma beat him (What?)

Trust a man in the mirror, take control, Left (On God)
Most these hoes won't be around if that dough left (What?)
You know you know to hold your own, Left (Yeah, yeah)
But you didn't do this on your own, Left
It took some guys, solid team, you not alone, Left
Faith connected you with Chacho, now you on, Left (What?)
Fuck the rap game, bro, it's about redemption (What?)
Dealin' with excess, we're battlin' addiction (What?)

Paid the cost to be the boss, now pay attention

Pay respect to the new Gs
