

## TWO HI (WAVES)

### Problem

Less talking, more motion (Waves)  
We sailing, the world's our ocean (Waves)  
They searching, web surfing just to ride our (Wave)  
'Cause we too fly, 'cause we too high (Wave)  
Waves, waves (Wave)

Shit, I was thinking to myself: a nigga paid a lot  
I used to stay looking for work, sleep in a car parking lot  
You know I'm worth more than that  
The Dior suitcase put Compton on the map  
Cops patrolling, shit's so potent  
You know I'm holding that, mmm  
They talking, talking, talking, ain't talking 'bout shit  
C-walkin', walkin', walkin' above the ocean  
I don't know, I'm getting pulled by the current  
Don't see nothing when I pull back the curtain

Less talking, more motion (Waves)  
We sailing, the world's our ocean (Waves)  
They searching, web surfing just to ride our (Wave)  
'Cause we too fly, 'cause we too high (Wave)  
Waves, waves (Wave)

The drugs had me talking to myself (Talking to myself)  
Lift my eyes to the hills, which come my help (Help, help, help, help)  
Don't be stressing, boy, your blessing's on the way  
'Cause you can fly today, ride the wave

Females, y'all think y'all slick  
Manizers, desires to be rich  
I've seen some things, I know the games  
Raised in a home with nine siblings, all sisters, no misters, mayne  
Now this the thang  
I won't be played by no dame  
You fuckin' with me then you feel the same  
'Cause everything else is obviously lame
