

# Wait For It

## Problem

Just wait for it  
Just, just, just wait for it  
Just, just, just wait for it  
Just, just, just  
(Holiday season)

A.L.L and everything that comes with it (I want it, I want it)  
You can see it in my hustle it ain't hard for you to tell (I'm on it, I want it, I want it)  
I'm in the bitch like  
Just, just, just wait for it  
Just, just, just wait for it  
Just, just, just wait for it  
Just, just, just  
I'm in the bitch like

Turning with my niggas and these hoes too  
Celebrating winnings like a real nigga suppose to  
When you made it up out the gutter  
I keeping the gutter  
Never switch  
Life's a bitch but I swear I love her  
Put a rubber on a bitch nigga daily  
Cashed out on that new chevy, drive 80  
Nigga balling hard like when Coby drop eighty... one  
Trap, trap, trap until the police come  
They try to flat a nigga  
These unloyal assholes  
Can't stop a nigga from getting to the paper... (oh no)  
Diamond lace, self made we don't need a favor  
Who need a major  
We getting green by the age  
Nigga

Rap in my game, rap in my city  
Realest nigga left  
Grab a condom for a woman  
Stay down with your bros  
Never fuck em off for hoes  
Hundred steady goals  
Watch how fast you cut fifty dollars  
Hundreds and two hundreds more  
Triple that, that's mine  
Cash calendar, look at me  
Call that's mine  
What (woohoo wow)  
Daddy bought the bar and I'm no code  
Had a new bitch with it  
Give a fuck about my image  
Pussy fucking  
Fuck the pussy  
Tell the pussy come and get it  
I'm a do it till I win it  
Losing ain't a fucking option  
Seems like on a flash flood  
Plus I'm straight up out of Compton
