Money growing like a tree  
Better yet a forest

You might though, you wish

I just wanna CL 600 Benz  
20 inch rims, looking real fresh  
The Ferrari got manual on automatic switch but (See them 20's spinning)

Lookin' real fresh  
Turbo Porsche with the 6 speed shift but (See them 20's spinning)

I stop at the light  
Everybody stares  
Hand on my gun  
You don't see it but it's there  
Think it's all a game  
Think it's a mirage  
Get that ass lit  
Like fire on the logs  
I got endless drama  
Young boy you a flee  
I step on ya head  
When I step out the V

We goin' on a ride  
Fly in the whips  
Chrome dubs  
With the jet black lips  
Lil' kids see it and call it the 'spaceship'  
David on my neck, Gaibel gave my this
