

# As If

Prodigy

Yeah, yeah, yeah  
Yeah, yeah  
It's how we tell 'em man  
I be like, listen...

I'm not interested in all that  
No thank you, I pass  
Please skip me for the next person  
I do appreciate that  
So kind of you to offer  
But no, really, I'm cool  
I try to stay away from the things  
That everybody else do  
I've got my own thing happenin'  
It's workin' out great for me  
I'm healthy, I'm happy  
I'm successful, and good money, uh  
I hope that works out for you  
Don't let my good heart fool you, I'll spaz out on you  
I'm growin' up, this is dope  
You should see this, get a seat  
Yeah front row of the P show  
Where you can all watch me  
If y'all niggas only knew  
How dumb y'all niggas look  
How stupid y'all niggas sound  
It's embarrassing, no good  
How could you be so foolish?  
This P, nigga, it's P  
Yeah that says a lot about you  
For you to ever doubt me  
You a bird, you comical  
But I keep that to myself  
Try not to be disrespectful  
But you pushin' me to get ill

If you knew better, you would do better  
Get it together or lose forever  
Your things don't impress me  
Give a fuck about that whatever  
You're not sayin' nothin' new, nigga  
I said that already  
Niggas plagiarizin' my rap  
As if they trend settin', please

I had to learn to keep my opinions under my hat  
These rappers are trash, but ain't nothin' we can do about that  
Just let their garbage ass live, God loves them too  
Ain't that what they say? The Lord protect babies and fools  
But when a fool try to play me  
Wet him up, then I'm Shwayze  
Can't ever be this outstanding  
Bitch, my song is amazing  
Your shit sound like every other song that's playin' on the station  
And your outfit looks silly  
And your jewelry is all basic  
Slumdog Millionaire watch

Yeah with all that fake shit  
Only thing you can pull is a stripper or a waitress  
With that credit card fraud bullshit  
Try to talk down on me  
Your favorite rapper a fraud  
But I'ma just sip this tea  
With a little E&J spike

Get it together or lose forever  
Your things don't impress me  
Give a fuck about that whatever  
You're not sayin' nothin' new, nigga  
I said that already  
Niggas plagiarizin' my rap  
As if they trend settin'  
If you knew better, you would do better  
Get it together or lose forever  
Your things don't impress me  
Give a fuck about that whatever  
You're not sayin' nothin' new, nigga  
I said that already  
Niggas plagiarizin' my rap  
As if they trend settin', please
