Prodigy

I am not what you thought, I am all seeing  
I am the top of New York  
This is Empire State boss shit  
I endorse violence in the worst form  
Bring it on, I implore  
I am more than your worst nightmare  
I am the Devil  
On my level you could never be jeez  
I am God, I am perplexin  
Mind boggling hard, I am P, Infamous Mobb Deep  
And who are ya'll? Who are you? Nobody  
What are we? Everything  
Every rapper in the hip hop game wish to be  
R.I.P., grand wizard of the sixteens  
That bust like elephant guns  
And blow up magazines  
I shine, Illuminate, yeah my aura is awesome  
Illuminati is us, we are the origin  
Of all enlightenment  
These pirates stole our shit  
So now you know  
Skulls and bones

Scalpel, scalp you  
Skin the pussy alive  
All they find is you  
Skull & Bones  
Skull & Bones  
Skull & Bones  
Skull & Bones  
Red box cutter  
I will box cut ya  
Do you like... all they find is your  
Skull & Bones  
Skull & Bones  
Skull & Bones
