Prodigy

Baby I love you  
Why you did me so wrong  
Why why why why  
She couldn't nothing gone me  
Baby just let me explain  
I'ma give that bitch  
I'ma smack that chick  
I don't play that chick

You used to love me, you used to touch me  
Take me out every night  
Love kissing me all night all night  
I don't deserve all this speed  
I'm so tired of crying  
You're just a player you're just a liar  
A cheater, you're a cheater ohh  
I give you my eyes, I give you my soul  
I give everything to you  
Oh cheating

Baby I love you  
Why you did me so wrong  
Why why why why  
She couldn't nothing gone me  
Baby just let me explain  
I'ma give that bitch  
I'ma smack that chick  
I don't play that chick

The clutch the heart  
Better rush my cold blood  
Probably do my benz you can see it in my face  
That I'm not the burb unless you were  
Only God no would occur  
Baby I'm not here getting paid is not a game  
I'm not afraid, I meditateon bodies  
Getting all this fast dope  
Dead nigga come try me  
And end it feel it with this cash flow  
I got this strage in me they playin games with me  
I spit up on their hoodies lead their brains drippie  
This that hood love, that good love  
Real shit I spill blood  
Phone flash in tears is the way I grew up  
Baby you got an evil angel for a soul mate  
May we couldn't leave each other  
And we lose all our strength  
Pray God that we never fall apart  
Cause our love baby it was written in the stars  
Let's take that little flacture light  
That go to Mars  
Or we could chill on the block  
Drinking play bars

Baby I love you  
Why you did me so wrong  
Why why why why

She couldn't nothing gone me  
Baby just let me explain  
I'ma give that bitch  
I'ma smack that chick  
I don't play that chick

You speak the shit though  
I ain't got that time for nobimbos  
I got one bitch in my life and  
She all that I live for  
Get my blood, get my flash, get my soul  
Do you real quick, I don't drink behind your back  
I ain't with that D shit  
I gotta beat it lucky and snuggy on planet earth  
I got the hottest bitch alive that's swerve  
To everything sacred you priceless my precious  
I just needed to know before I gave you access  
That everything is a 100 percent  
I was just playing with that girl  
You the one that I'm bad  
All night the shape over  
Pissy drunk over you  
Nice flipping on me feeling like a hangover  
I ain't got to lie to you  
Got nothign to hide  
You the only one I ever felt this way in my life  
Now now we too good for this bullshit  
And we too fly to be crying  
Cry pretty eyes death we defy

Baby I love you  
Why you did me so wrong  
Why why why why  
She couldn't nothing gone me  
Baby just let me explain  
I'ma give that bitch  
I'ma smack that chick  
I don't play that chick
