

# Ain't We Rich

Prof

Man

I find myself more and more, increasingly on a vibe like this, y'know  
And you at home might not know it but, I like to try and spend most of my day on a vibe like this, if I can  
Just want you wherever you are to take your time with me - spend the next four minutes and enjoy yourself, know-what-I-mean?  
'Cause it's a vibe, it's a vibe...

Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Well all right, yeah

Tell me a story of deep delight  
I got a feeling I'ma meet my wife  
I'm happy I woke up feeling fine today, ooh yeah  
I'ma make it so I'm never gon' lose you  
You know that I'm always coming back to you  
Ain't that so rich got it made-in-the-shade

Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Well all right, yeah

I'm on a lazy river  
Let's get away somehow  
As long as we're together  
Nothing gon' hold us down  
We gon' keep this boat rowing  
I live to make you laugh  
I lost where I was going  
'Cause I love where I'm at

There's a warm shower running inside me  
I decided I'ma treat myself kindly  
Ain't that so rich got it made-in-the-shade, ooh yeah

Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Well all right, yeah

I wanna love with reckless abandon  
I'm talking 'bout infinite compassion  
I don't ever wanna miss a lovely day, lovely day

I won't let nothing come into my moment  
When I start thinking about the possible distractions  
If ever I start giving my energy to some hating  
Or if I'm getting concerned about who is the fastest  
That ain't important, I wanna learn to be happy  
I wanna learn to go hush...

Oh hush, oh hush, oh hush  
Alright, alright, alright  
Okay, okay, okay

Alright, alright, alright  
Alright, alright, alright  
Alright, alright, alright  
Yeah, let's go on back to the chorus now

Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Do-do do-do, do-do, do-do  
Well all right, yeah

You don't gotta wait for me  
I'll be right here  
You don't gotta wait for me  
I'll be right here  
You don't gotta wait for me  
I'll be right here  
You don't gotta wait for me  
I'll be right here  
You don't gotta wait for me  
I'll be right here  
You don't gotta wait for me  
I'll be right here  
You don't gotta wait (you ain't gotta wait, you ain't gotta wait) for me  
(You ain't gotta wait) I'll be right here (you ain't gotta wait)  
You don't gotta wait (you ain't gotta wait, you ain't gotta wait) for me  
I'll be right here  
Right here next to you...
