

Cuffin' me, literally to the bed custody  
Sheesh!  
Look at me and fuck on me  
God bless a strong drink with questionable company  
Enough of me, what's up with you?  
You in love with me?  
Then I'm in love with you  
Let's have a nut or two  
I don't give a fuck about your body count  
Holler at your boy, what it do?  
Wanna participate in a car chase?  
Wanna let loose after hard days?  
Can we fight another couple on the first date?  
Can we start this motherfucker on a third base?  
Know what I'm talkin' about?  
We fuck the pain away  
Know what I'm talkin about?  
We not the same today

I'm fixin to go fishin', I'm, talkin bout swimmin  
I'ma fall in position, I'ma need all of them digits  
Thicker than a brick is  
Shorty giving me kisses  
Mighta think it's fictitious  
Girl - that kitty hit different

Sloppy toppe top like some butter  
Circle round the block for my lover  
Shorty is you mine, is you trouble?  
Gotta let her fly if you love her

Damn baby!  
If I say the shit I want to do to you  
Then they would probably cancel me  
Like put your hands on me  
But not the dv kind, I mean the freaky kind  
Like doing tantra please  
Its ovulation week  
Why are you trying to escape the freak?  
My kind of vibe, it just ain't for weak  
I am the type to make one night stands wanna stay for weeks  
The cheeks is tight, they look like peaches  
Titties, perk, they look like cherries  
Do it right in front of your fruit salad  
I don't give a fuck who's staring  
Like who cares?  
Know what I'm talking about?  
Yeah, I bet that you do  
I bet that you think you got it figured out  
But I promise you, I know me better than you  
Cause I just might be trouble  
But I just might be yours  
I guess you got to wait to figure out  
I like to keep you guessing, of course  
But till then, what can you do with that mouth?

Sloppy toppe top like some butter

Surf around the block for my lover  
Shorty is you mine, is you trouble?  
Gotta let her fly if you love her

Ooooooh we playin' spin the bottle  
In a burning household  
You can't fight the feeling  
Ooooooooooh

Sloppy toppe top like some butter  
Surf around the block for my lover  
Shorty is you mine, is you trouble?  
Gotta let her fly if you love her
