

Cloud 9

Prof

Send down that cloud with the silver lining
Roll around in heaven all day, heaven all day yeah
Send down that cloud with the silver lining
Roll around in heaven all day, heaven all day yeah

Knock knock she drop by unexpected on a Tuesday
I was busy getting down on myself, sitting 'round telling
Myself my problems, seems it's dark all winter
A change in fate, sent down from out the sky to take my pain aw
ay
I'm telling you can turn into a lazy day
Dial room service for a change of pace 1-800
Don't bring me down, I'm safe and sound
I am right here and that's a miracle
My oh my, my oh my, I'm so high, I'm so high

Send down that cloud with the silver lining
Roll around in heaven all day, heaven all day yeah
Send down that cloud with the silver lining
Roll around in heaven all day, heaven all day yeah

Look it at what I could become, I put my heart into a fire
The stars I swear that I could reach them, I've never seen them
any brighter
Oh oh oh, yeah, plus no ones calling me, bothering me
Why would I need to buy a mountain? My oh my
Don't bother me with counting my breath, I'm more than just a m
ess
I'm more than just a sum of all the parts that we collect, yes
Summertime crime, I hustle all the time
I'm serving nicks and dimes, It's impossible to climb
My rent is so behind, I'm stealing for my mama
There is no way out, find that silver lining put the light up b
reath in and say YEAH!
Why would I need to pray if I'm in heaven right now, right now?
Yeah, I'm in heaven right now
