

## Gampo

Prof

You can find me stiff! Like a samurai on a llama ride  
Down a water slide, getting sodomized  
I'm a wallaby, I'm the king of a colony  
But the way I am whilin' out  
You would think I just won the lottery

Bling, gold chain, bling  
I am king of america  
I've had this dream as a kid and I'm living it

I would like that yellow bone girl in my office  
With a little miniature giraffe and some chocolates  
We can put a skyscraper where my garage is  
Vator to the top, and give each other massages  
I don't give a fuck about your opinion  
I'm in a tub fucking with a couple ticklish women  
And I'm a gampo! (gampo) I've been so since the begginin'  
And if you're thinking different I'll get to kidnapping your children  
Yeah  
Why you staring at me, like I'm from neptune  
Drinking with my pet loon, in your dad's guest room  
Every where I go, I get looks  
Like you motherfuckers never seen a crook

Tell em' if they curious they can ride all night on the low (on the low!)  
Tell em' if they curious they can all tag along on for the show (tell em this!)  
Tell em'  
I'm a gampo! (gampo) oh-oh-ohwee-oh  
I'm a gampo! (gampo) oh-oh-ohwee-oh  
I'm a gampo! I'm a fool!

Prof, you're so rude and embarrassing  
And they're so well behaved in comparison  
PBR Poppin', Everybody Watchin', Yeah we're in public  
Now we ain't stoppin

Bling, gold chain, bling

Uncle Prof sit back and get shitty  
While I unlock a big fresh pair of titties  
King Gampo, fresh as a briz-ease  
Sick as a disease/best in the cities  
How my pinky ring got my shoes mad?  
Lookin down at them motherfuckers like "Too bad!"  
Similar to why my jeans pissed off  
My whips so hard! got my dick soft  
Candybreeze looking like a shellfish  
I do what the fuck I want! can't help it  
Every where I go, I get looks  
Like you motherfuckers never seen a crook
