

# Homicide

Prof

The darkest places breed the worst animals, the worst animals  
You wouldn't recognize one on a busy street  
You wouldn't even know a thing bout what you see  
I have even learned how to say thanks and please  
You wouldn't ever find out that that person's me  
Why would you smile when you could use your fist?  
How can you be sad when you ain't seen shit?

You're talking like it's murder  
Then why haven't you seen this all along?  
You're talking like it's homicide  
Then tell me why you want this right or wrong?  
You never felt pain, you never felt pain

How did you swim upstream to me?  
I put my arms around, my arms around you  
Come close to me and I'll give you a lie to tell me how you fee  
l  
I'll pretend to die if you think it's real  
I'll give up the world to feel something real  
I've walked around with the fog on  
I've never been here when I say I love you  
I'll show you pain if you wanna see this through  
You haven't seen shit like the way I do

You're talking like it's murder  
Then why haven't you seen this all along?  
You're talking like it's homicide  
Then tell me why you want this right or wrong?  
You never felt pain, you never felt pain

Yeah baby, there's no way I can hide from it  
So go ahead and cry bout it  
But you're not gonna die from it  
Ooh baby, there's no way I can hide from it  
So go ahead and cry bout it  
But you're not gonna die from it

You will have a chance to take a deep breath  
When it's over, when it's over, when it's over  
You can think about me different when it's over  
You will have a chance to take a deep breath  
When it's over, when it's over, when it's over  
You can think about me different when it's over
