

# King

## Prof

Yo, You know what it is

Ya, It's the almighty un-fuck-with-able  
Magnificence transcended into physical  
I make it seem like there's nothing that's less difficult  
This shit is so easy to me I'm almost miserable  
Highly volatile supersonical audio  
I'm childish and apparently unstoppable  
I ain't been fucked with yet  
Young legend in the making you can touch that flesh  
When I hit the stage I'm a rocket propelled grenade  
Melt face, they'll be mopping the floor for days  
Oh my goodness I'm a giant  
Oh my goodness I'm gonna step over all of mankind

All men bow down, down  
All men bow down, down  
I'm a mothafuckin king, a mothafucking king  
A mothafucking king, a mothafucking king

All men bow down, down  
All men bow down, down  
I'm a mothafuckin king, a mothafucking king  
A mothafucking king, a mothafucking king

A big bad wolf don't run  
Hold ground till the midnight sun  
I'm'a be here forever

It's your man Petey Petey  
CMGeezy  
Yo prof, let's handle these niggas, homey

King Kong gorilla  
Just got out of prison  
Temper still short as a used up pencil  
Stay to myself and I mind my own business  
I ain't got no time to be fucking with no niggas  
Bus load of big butt bitches with big titties  
They love to get freaky with Petey with no hitches  
No rubber, trouble, a bottle of penicillin  
And shots of Ciroc that I'm washing it down with  
I'm the illest when it come to this shit  
Ask niggas  
Then the ones that won't tell ya got hate in their system  
Remember that's how I got caught with airport pistol  
Cause I ain't got no problem going all out with them

A big bad wolf don't run  
Hold ground till the midnight sun  
I'm'a be here forever

A big bad wolf don't run  
Hold ground till the midnight sun  
I'm'a be here forever

Ladies and gentlemen bow down to the untouchable, huffable

Drug buzzed white huxtable  
Cock highly suckable  
Fuck with me get a knuckle full  
It's true dog, my clique run the south side  
Beef steak rib-eye plus the cowhide  
And I never mention names or the titles of 'em  
Bet the prey will never see the tiger coming  
I'm a zipped lipped Jameson mobster  
I only roll with kings, every name on the roster  
I'm hot enough to marry Steven Tyler's only daughter  
Hot enough to boil hell up out of holy water

Oh my goodness I'm a giant  
Oh my goodness I'm gonna step over all of mankind

All men bow down  
All men bow down  
I'm a mothafuckin king, a mothafucking king  
A mothafucking king, a mothafucking king

All men bow down  
All men bow down  
I'm a mothafuckin king, a mothafucking king  
A mothafucking king, a mothafucking king

Recognize the king

A big bad wolf don't run  
Hold ground till the midnight sun  
I'm'a be here forever

A big bad wolf don't run  
Hold ground till the midnight sun  
I'm'a be here forever

Man for real, It's too late now man  
I'm already here I'm...  
I'm like a staple

Hey, here, peep this though...
