

# Love Like Mine

Prof

I'm so proud of myself  
I'm a passionate boy  
I smoke and drink and fight my way to sleep  
I'm so proud of myself  
I'm a passionate boy  
I beat his ass right here so you could see

Jealousy, jealousy where for art thou can start thou new felonies  
Remember me always, temperature rising, I live in these hallways  
I love you like mothers do, protect and serve, I will serve 'bout a month or  
two  
That's not my blood, I'm doing just fine. Got loyal heart, got beautiful min  
d  
And mine's locked up in a world with lust, can't hurt this trust whoa oh oh  
I grew a soul you won't dare to touch, I care too much  
Gotta prove I'm a tough guy, gotta protect my "why oh must I"  
Like, gotta ride hard for the get by can't forget a hit by, gotta live and g  
et high  
Gotta party, get drunk, blush with a fist up, fuck until I get up  
I'm screaming fuck'em till I can't talk  
Money, Pussy, Liqueur, I can't stop

I'm not sorry  
I can't stop with a love like mine  
I can't stop with a love like mine  
I can't stop with a love like mine  
I've tried

Yeah, Oooh  
I can't let go with a love like mine  
Can't let go with a love like mine  
Can't let go with a love like mine

Go 'head call the police, I'ma be right here like a motherfucker waiting for  
'em  
They don't stand a chance, I love you too much  
Got nothing to lose man, put me in some cuffs  
Put me in a straight jacket asap it's way passed what you could imagine I co  
uld take back  
I'm starving for some adrenaline  
Kill me baby, I don't want to die a gentlemen  
(I'm all or nothing)

Yeah, Oooh  
I can die right now with a love like mine  
I can die right now with a love like mine  
I can die right now with a love like mine  
I'm fine
