

Me Boi

Prof

Oooooahahahaha

Anyone who opens up a track with a ugly-ass forced laugh got no swag!

Follow me

What's up Me Boi?

Tryin' to ride with me this year, man, let's go kill summin'

Ay!

When I come around point 'em out

I'm 'bout to lay a mothafucka on the ground

I came to drink. I came to buck

So I hate it that you think I give a fuck

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

Haha

Time to break summin'

Yeah

The whole crew's stupid, think we need a short bus

Party People: they continue to endorse us

Got our lobotomies you don't need a force us

Every night we swimming like a porpoise

So, voila! I'm acting like a moron

Bottle of the Jame-o, looking for something to pour on

Hold on. Put your coat on, and throw the note on

The refrigerator I will see you later at the ho down

You can marvel at the dick game, baby

If you hitch hike jump on darling

I'm known to ride all night on the freeway

And drop 'em all off in the morning

They be waiting on the road meanwhile a player bouncing

Me all day keep it one hundred, know me like I'm public housing

Me think that my bank is growing, I'm glad that I'm getting drunker

If it is going down I will be there in a flash like

When I come around point 'em out

I'm 'bout to lay a mothafucka on the ground

I cam to drink. I came to buck

So I hate it that you think I give a fuck

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

I give a fuck!

Haha

Time to break summin'

Put the circus posters up over the billboards

This the type of party college kids will kill for

Them chickens walking like they pussy still sore

It's what I does, what I do, what I'm here for

I catch a buzz, tie my shoes, I'm an alligator
I'm a thug, I'm a brute in an elevator
This little piggy went to market with a partial hard-on and sweatpants on
If you don't be thinkin' that I'm sortin' on a daily then lady don't get involved
Checkmate, Mate, I'm a kingpin
Bread makes toast, chin chin
By the hairs on my little chinny chin chin
Will I ever let another rapper fuck with me again?
I would love some beef, I just don't know where to find it
It's like I'm vegetarian and I don't even mind it
It's like I've been a plumber but I've never seen shit
On the front lines my whole life and got clean kicks
Who's fucking with us? Gon' point him out
I bet they jump ship when your boy come around

When I come around point 'em out
I'm 'bout to lay a mothafucka on the ground
I cam to drink. I came to buck
So I hate it that you think I give a fuck
I give a fuck!
I give a fuck!
I give a fuck!
I give a fuck!
I give a fuck!
I give a fuck!
I give a fuck!
Haha
Time to break summin'

Get drunk! Break shit!
Get drunk! Break shit!
Get drunk! Break shit!
Get drunk! Break shit!

So I'm talking bout Me Boi
Hey don't go ahead and get arrested and blame me or nothing like that
Blame your momma!
