People make money all around me, Yet I can't get paid

But after the show, I'm off the stage clap, clap, dap

If I wanted to I could get laid!

Sup pretty pretty? got the sticky icky, Girl we could go?

I'd rather drink than celebrate after shows

Whoa! I'm radical dude! Make it Rain! cowabunga! WOOOO!

Roller coaster speed, full speed a head

If ever oh-fend-ded

You should forget what I said

I'm over your head like I was in a hot air balloon

Don't worry, I'll hurry, it'll be your turn real soon

Buy them tickets bitches, I'm the meanest

Swish! I'm ahead of the game like I was the first pitch

Hmmm, have you ever met a little white kid like this?

With a nice flow that's quite just like this?

I must be sick!

Man it's around, it's a wrap, it's a conclusion

I'm so hot when I shit in a toilet...

It drops and boils it
