Ooh, girl, wan' see you get soggy  
Jump in the swamp 'n paddle like a doggy  
Grabbin' on the lactose while I do the backstroke  
Mommy, you can get it like a bad joke

Happy as a dog gettin' in from the cold  
Ya gotta keep that boy afloat  
Momma him goin'  
Left, right, left, right, left, right

Happy as a cat gettin' in from the cold  
Ya gotta keep that girl afloat  
Gotta hear him goin'  
Left, right, left, right, left, right. (I'm cool)

I don't even know why you would wanna be dry

Is trying to start the party, and part the sea

Can I swim, can I swim, you know I'm swimming (come on)

I never ever ever ride a speed boat  
Feel like an ocean when I'm on the weed smoke  
Especially when I'm over on the east coast  
Hurricane, hurricane, let my feet soak

I'm going swimming (come on)  
Yeah. (come on)  
Can I swim, can I swim, you know I'm swimming (come on)  
Yeah. I'm so cool

I'm swimmin' though, and the women know  
You can find me over there at the fishin' hole  
Hanging out with the little homie in that boat  
I'm like a rain storm, I make the rivers grow

I'm going swimming (come on)  
Yeah. (come on)  
Can I swim, can I swim, you know I'm swimming (come on)

I'ma get my feelin' till I've had enough to digest  
And she grabbin' on me like it was a mic check  
Fuck it, I'ma jump without a life vest

Happy as a dog gettin' in from the cold  
Ya gotta keep that boy afloat  
Momma him goin'  
Left, right, left, right, left, right

Happy as a cat gettin' in from the cold  
Ya gotta keep that girl afloat  
Gotta hear him goin'  
Left, right, left, right, left, right

Shut up  
All the girl love me, I'm so fly  
Chunkin' up the dudes as the player slide by  
It's on when I catch her mind's eye  
She dragged me to the room  
Can I get a high five?

Everyone knows that she's ready  
My brother's gonna take that hoe  
Everyone knows that she's ready  
My brother's gonna take that hoe  
Everyone knows that she's ready  
My brother's gonna take that hoe
