

# The Ending

Prof

Sparkle for me, baby  
Sparkle for me, baby  
One last time  
One last time  
Sparkle for me, baby  
Sparkle for me, baby  
One last time  
One last time

Not for long, but it's still morning  
Can't believe all the weeds in my garden  
(I plant a forest by hand, I plant a forest by hand)  
See, I've been thinking about my legacy lately  
Is it me, or are my memories fading?  
(I plant a forest by hand, I plant a forest by hand)

We got years invested - the fact is that I'm bound to you  
I don't believe we predestined  
You can hold me down, but I won't drown with you  
I leave you there, you be on my mind  
All the things that I've left behind  
Does that make me a poor man? Probably  
I need someone to support me proudly

It's been a minute, don't you look lovely?  
Wish I could forget all the times you've loved me  
If I didn't know better, I would fall back in  
You a different woman than you were back then

Something grabbed hold and it swallowed you whole  
Tried to reach heights, and it brought you low  
I just can't be a part of this no more  
(No more, no more, no more)

Although I don't want to go  
Baby, I guess I'm giving up  
It's my only chance to grow  
Hate me, I guess I'm giving up

And I know that it hurts sometimes, but you gotta save your life  
I guess I'm giving up  
Leaving you is new to me  
Show me how it used to be, before I go

Sparkle for me, baby  
Sparkle for me, baby  
One last time  
One last time  
Sparkle for me, baby  
Sparkle for me, baby  
One last time  
One last time
