Project 86

I'm just a transient passing through finding my way
So don't mind me
You can rest easy, there is no reason to fear
Do you have a gun you can spare?

All that I need
Is a place to close my eyes
A place to spend tonight
All That I need
Is safety and shelter
And then I'll be on my way

I'm just a passenger, a passerby headed right through
Don't mind me
Don't mind the inferno burning your fields when I'm through
All that I'm after is you

All that I need is you to invite me
Then I'll forever stay
All That I need is a host to sink into
A soul to devour and slay

I come as a thief
You won't see my fangs
Until they sink into your veins
