

## Get Loose

Project Pat

I ain't tripping on no broad  
I got bitches that get loose  
All it take is some of that loud and a couple shots of that goo  
se  
I be training the hoes like dogs  
She fuck me she gotta fuck you  
Man if that's your bitch you better get your bitch  
Cause if I hit your bitch and you through

Pussy real good and her head is even better  
Made here eat the whole dick the first night I met her  
Oh ratches ass ghetto hood ass rats wanna fight her  
And these sucker ass niggas tryna snatch her up and wife her  
I heard she got the blow, though  
Her chevy that's a four door  
My cousin hit that broad, but I flex like I don't know though  
Man when I hit the front door, her mouth wide open  
Man this bitch didn't waste a second toss her action while I'm  
smoking  
Took her to the room with the king size bed  
I'm Lebron in this bitch, Project dunking in her head  
She asked me for some bread my reply was an excuse  
Zip my pants hit the door, burnt out in a coupe

One thing in this world I believe in is karma  
Nigga tried to hit my gal so I fucked his baby mama  
He know his girl was bumping off the slugs in my grill  
In my foreign Aston Martin flexing dawg, how you feel  
Cause if your feeling salty, guess that's something to run your  
pressure up  
My nigga that breaked your heart  
It don't matter how you dress her up  
Everybody know she is a dick eating dog  
Eating pussy, doing menage-a-trois, damn she go hard  
When I met her at the mall, slide her number in my phone  
She got a people head, she love to eat the bone  
She leave your ass home with your son and your daughter  
And them tricks that she doing bad my nigga I told ya
