See niggas change like the seasons
Change for no reasons
Change when it got rough
Change when it easy
Niggas like campaign
Bring your campaign
Pop your 40 Glock
Like a bott-le of Champagne
Nah dog, I ain't lookin in the rear view
20-20 vision, I'm just lookin at the real view
How can niggas feel you
If they don't know the real you
Actin' like somethin that
You know I could get you killed fool
My patience and my temper short
But my money long
Niggas think I got the plug
Hit me on my burner phone
Me and pussy ass niggas do not get along
And broke niggas always ask, can they get a loan?
Bitch, you can get along
(Little doggy)
