

# We All Strapped

Project Pat

If you got a issue we can solve that  
Pocket check homie I want all that  
tell em fall back  
Team full of thugs and we all strapped  
We all strapped, we all strapped  
Team full of thugs and we all strapped  
We all strapped, we all strapped

Gotta get up off ya ass, get the cash like you hold some  
Never ask a nigga let you hold some  
.45 holster  
When you get a paper plenty, niggas try to harm ya  
Players in the game, hated by the bench warmers  
Said this shit is normal  
What goes around comes around, mothaf\*ck karma  
I'ma let it rip on a nigga I can slip on  
Lean and the sprite, I'ma sip up  
And but, if what, should have, would have, could have, nah  
Better safe than sorry, fake niggas they be fooling y'all  
I'ma start schooling y'all  
Class is in session  
Get yo pen and paper out, I'ma teach you lesson  
Waking up to see another day is a blessing  
Another day to hustle, I minimize the stressin'  
Everything happening for a reason, no question  
The man of the bud, lay your faith in the weapon

If you got a issue we can solve that  
Pocket check homie I want all that
