Existence V.4.1

Project Pitchfork

Everything is changing
A constant flow
Our existence - a photograph
The time like slow-motion

Did someone realize
That our life is based
On the history we've been taught
We are living the results of a lie

Fundamental facts
Have been changed and changed again
By the ...
And we keep their lie alive

Why don't you go on
To kiss the ring
On the finger of the hand
Which turned your existence to hell

And while the cold wind blows
We wonder why we feel so alone
But we're always asking those for help
Who constantly kept us away from the truth

Don't close your eyes anymore
Don't cover your ears anymore
Don't shut your mouth anymore
Don't close your mind anymore

Everything is changing
A constant flow
Our existence - a photograph
The time like slow-motion

We are living the results of a lie
And we keep their lie alive
We are living the results of a lie
And we keep their lie alive

You let it go
As if you know you are alone

You always underrate the ability
To change the state of mind

And what you'll find is hate so blind
It destroys every way out of here
And what you'll find is hate so blind
It destroys every way out of here

Everything is changing
