

## Souls In Ice

Project Pitchfork

You are thinking - turn around  
You are feeling - turn around  
And you are here - aren't you?  
You hear me - don't flee  
You feel yourself  
You ask yourself - what is this?  
Hold this thought - don't flee  
Close your eyes

Where is your center?  
Where is my voice?  
Does a stone move your heart?  
Or a soul of your choice?

You are existing - aren't you?  
You are emotion - aren't you?  
You are flexible - aren't you?  
You are following me - aren't you?  
Physical - no  
Feel yourself - locate yourself  
Locate yourself - feel yourself  
Close your eyes

These are my words - like souls in ice  
Beside your mind - or into you
