

Generation Kill

Promoe

look out here they come
here they come with their guns to draft the youngs from the slums
and they get sent out to fight a war of nothingness
killing and dying for the leaders' vanity it's nothing more and nothing less
than propaganda and the power of the dollar that has got the poor as hostages
and the youths don't have no future they feeling disillusioned they see no other solution so i gotta say that

look how we create generation kill
all hate generate more ills
til the whole generation's killed
and all the blood of the children spill
listen how they talk about their good will
and the wars ever raging still
and even if the youths realize it's not real
they become generation kill

kill murder murder's all they heard of
that's all they've seen how you think they're gonna turn out
no choir boys though they're making quite some noise
'member how cute they was when they used to play war and fight with toys
and billy the kid better believe that the kids
get inspired by our culture of violence
then when they look around for guidance get met with nothing but silence
and a gun with a silencer

And thats how we create generation kill
all hate generate more ills
til the whole generation's killed
and all the blood of the children spill
listen how they talk about their good will
and the wars ever raging still
and even if the youths realize it's not real
they become generation kill

but can we blame the children when they kill the children
and can we blame the young men when they become the gun men
when we create the monster but let's expose the sponsor
cus i wanna know who's responsible

look how we create generation kill
all hate generate more ills
til the whole generation's killed
and all the blood of the children spill
listen how they talk about their good will
and the wars ever raging still
and even if the youths realize it's not real
they become generation kill
