

## **Lost And Found**

**Prong**

Exposing all the frauds  
Those heroes for a cause  
They're holding some key  
Confusing identities  
The lost and found  
Lost in a crowd  
Look what they've found  
They're faking in the buck  
Purveyors of so much luck  
Upholding a true scope  
Flag waving ego  
The lost and found  
Lost in a crowd  
Look what they've found  
The lost and found!
