Nothing breeds more contempt for this world Than the memories now formed Every moment, a new seed is grown To no reason, the trouble unfolds For the trials of today I'm no jury, really don't care how you feel The pleasant notion of miraculous change Drifts into multiple jeers Jeers Jeers You want the good life You break your back You snap your fingers You snap your neck Seconds drip through my hands Washed off moments unborn All the spaces between bleed A tribute to a sacrament never exposed A message to the forces I've no pity, don't know how thankful to feel Expectations of my daily bread Gives me the hunger to steal You want the good life You break your back You snap your fingers You snap your neck You want the good life You break your back You snap your fingers You snap your neck

You want the good life You break your back You snap your fingers You snap your neck

You want the good life You break your back You snap your fingers You snap your neck

Snap your fingers, snap your neck Snap your fingers, snap your neck Snap your fingers, snap your neck Snap your fingers, snap your neck
