Mastered [?] never [?]  
Sober in Amsterdam (SYKE) spit a word  
Get a word to the wise, my eyes done seen Big Ben  
Just to come back home strong, ready to leave again  
Believing and breathing, teaching y'all the world is small  
The world is all but real shitt, now give a call  
My dog [kin?] in Oslo, me and Swift's eyes grow  
We sniff blow, no thanks nigga, pass the 'dro  
Life's like a fashion show so walk strong 'cause they watching  
Here's my passport, checkout where your blocks been

You ain't been all the places I've been  
Eyes ain't seen all the things I've seen  
Do these verses feel what I mean  
Me and my rap life  
So much drama that y'all don't see  
I can't let it take over me  
I'm just trying to live comfortably  
Me and my rap life

Swedish girls are sweet  
But can't compete with that hoodrat chick right down the street (You know)  
You ever seen a cop with M16 walking the beat

What about Switzerland Red Lights where the heads tight  
Or in [?] where the people are just scared right  
Maybe you heard but I seen a nuclear reactor  
Proof got the truth that you're really after  
On the autobahn before Columbine, I thought of mine  
Maybe I should jump across this fucking borderline  
I seen Africans in Highland peddlin' dope  
To answer your question, did I find a ghetto? Was no  
I came to settle the sco', we ain't never seen gold  
They living in the aftermath whether they rich or po'  
Buildings bombed, troops out there with AK's  
I started to feel sorry, came home to home to World Trade ayo

Eyes ain't seen all the things I've seen  
Do these verses feel what I mean  
Me and my rap life  
So much drama that y'all don't see  
I can't let it take over me  
I'm just trying to live comfortably  
Me and my rap life

Rock Bottom heavy, we're ready for war we taught 'em  
Caught 'em colder than Autumn, Proof will never insult 'em rhyme by rhyme

Kadafi, Sun Tzu, Reagan, Hitler  
Joan of Arc, Napoleon, men like Hannibal

Y'all just divide the people (Right, right)  
(It's the same all over)

You ain't been all the places I've been  
Eyes ain't seen all the things I've seen  
Do these verses feel what I mean  
Me and my rap life  
So much drama that y'all don't see  
I can't let it take over me
