## Propaganda

I feel mysterious today  
No one does notice what I say  
I feel mysterious today  
I leave no traces  
On my way

I want to scream - I have no mouth  
I want to run - keep standing still  
I want to fight - my limbs give in  
I feel the void  
It sucks me in

I feel so  
I feel so  
Distant

I'm feeling so distant  
Life in a glass cage  
I live in a glass cage  
No one can touch me  
Nothing can reach me  
I live in a glass cage  
Alive in a glass cage  
No one can touch me  
(I feel mysterious today)  
Nothing to reach me  
Life in a glass cage

I'm disappearing by the day  
Watching the world, it fades away  
I'm disappearing by the day  
I leave no traces  
On my way

I want to scream - I have no mouth  
I want to run - keep standing still  
I want to fight - my limbs give in  
I feel the void  
It sucks me in

I feel so  
I feel so  
Distant

I'm feeling so distant  
Life in a glass cage  
I live in a glass cage  
No one can touch me  
Nothing can reach me  
I live in a glass cage  
Alive in a glass cage  
No one can touch me

Nothing to reach me  
Life in a glass cage

I feel mysterious today
