

# We are All We Got

## Propaganda

Let me tell you about this shorthand me and you use  
It's how we decide if somebody is safe  
There's talking points, that's how you know if they in the fence  
or outside the fence (Outside the fence, the fence)  
Whether you safe or not, I suggest a re-do  
'Cause like it or not, we are all we got (We are all we got, we got)  
Hmm

'Cause when your constructs fail you, the ailment feels alien (Alien)  
What is this air we in? (What is this air we in?)  
How is this fair to kin? (How is this fair to kin?)  
Uh, when you a shark being judged on how well you climb a tree  
You might as well be a piece of kelp yelping at a blue whale  
Helpless, toothless, tired with ruthless ire  
I almost talked me out of my own desires  
You try to tell 'em you different, made for magnificent  
But those with lungs don't give the gills significance  
Still standing stanza, circumference of your comfort  
Wanna say that? Then, don't invite me to your conference  
I'ma speak it to the people, defeating they conquistador  
Telegraph [?] no moves, what these blinkers for  
Great grand mammie, she [?] to teach you  
Consider that an honor if she even stooped to speak to you  
The least of you, you would be surprised what two feet could do  
One mission execute, I don't know what we meeting for  
Couple L's will could teach you more than any war or liquor store  
And you don't need a penny more to mature  
This is meant to disrupt othering  
Look across the table in they eyes and see your own suffering  
People are just people (People are just people)

If we are all we got, then all we got is this  
And this is just it, then let's make the best of it  
I suggest a re-do, all we do is see-through  
War is beneath you  
Which ain't finna sink in until we learn to scream "I need you"  
I need you  
I suggest a re-do, all we do is see-through  
And when God finally speaks, I bet it'll be through, huh
