Propain

Fact

Goddamn, Samm

Locked in, yeah, yeah

I need a freak in the mornin', yeah, facts (Damn, I want it, I want it)  
(I want it, I want it, I want it, I want it) Haha, damn  
I need a freak in the evenin' (I need it, I need it, I need it)  
(I need it, I need it, I need it, I need it) Yeah, look

"Dive in it deeper," that what she sayin', I got her hollerin' and screamin'  
Be hittin' her walls, ironically neighbors like, "How much more time 'fore t  
hey lease up?"

Be showin' her thangs, hm, matter fact, I got some thangs I've dyin' to teac  
h ya

Shawty the truth, ayy, she made cum with no hands, I can't lie, she a keeper  
But girl, I'm a player, I ain't w-

I ain't with no gangs, I ain't tryna lie and deceive ya

They probably trickin', cool, but understand I ain't with all of that dinin'  
and treatin'

This a collab', huh, I got her rockin' the mic, I'm supplyin' the feature

Only thing that's on my mind is beatin' her (Look)

I only show up when the time is demon (Look, look)

Rockin' with baby the long way (Long way)

You know what to do, had a long day

Play Kevin Gates, do what the song say

You don't buy me shit, I'm like, "No way"

So I'ma teach you how to treat a bitch (Yeah)

And I'ma teach how to eat a bitch (Yeah)

And I'ma show you how to blow the bag

Even when I do not need the shit

So everything is the "P" way ("P" way)

And everything is the "G" way ("G" way)

Ain't got it here then they got it there

Since back then we hit the freeway

You can't teach me shit like literally (Nah)

Just tell me how much you was feelin' me

While you was feelin' me, know that you into me

But tonight, fuck me like I am your enemy, yeah

Girl, don't be temptin' me, I'm off the Hennessey

I want some dome off the top like a Kennedy

I got her moanin', the opp boys killin' me

She throw it back, yeah, I rock with the chemistry

Gave you the pussy, but fuckin' you mentally

When I'm not with you, I know that you think of me

Told him, "For weed," but ain't nothin' forever

That shit don't even look right on my schedule (Yeah)

But she never leave 'cause I'm pipin' her better

We got a thing but I'm wifin' her never

I seen it all, I cannot trust 'em

And my heart is cold as the ice in the bezel

But the reality is we slippin'

And wonder why women be actin' like niggas

'Cause we out trippin' instead of us buildin'

I'm wakin' up and the first thought that I'm feelin' is-

I need a freak in the mornin', damn (Damn, I want it, I want it)

I should be chasin' my daughter (I want it, I want it)

Not worried 'bout chasin' these hoes (I want it, I want it)

But I need a freak in the evenin', damn, yeah (I need it, I need it, I need it)

I should be all on my grind (I need it, I need it)

But only thing all on my mind (I need it, I need it)

Is I need a freak in the mornin', uh, damn (Damn, I want it, I want it)

I should be showin' respect (I want it, I want it)

Show her she more than flex (I want it, I want it)

But I need a freak in the evenin' (I need it, I need it, I need it)

(I need it, I need it, I need it, I need it)

Freak in the mornin'

A freak in the evenin', just like me

I need a-

Freak in the mornin'

A freak in the evenin', just like me

I need a-
