"There was another home invasion in Houston today"

"Now police came to the home yesterday (Abundance) and arrested a woman in connection to a case"

"If there is an update, we will bring it to you tonight" (Yeah)

Now as I lay here with bullets still in my chest
That you ain't probably never gon' see 'cause they got me formally dress
And my pastor readin' a sermon, he preachin' 'bout this attack
My brother can't calm my mama, she cryin', hollerin', and stressed
And right before all the madness, they rolled me up in the church
Partners holdin' that casket, they pulled me outta that hearse
Let's take it back to the morgue, forensics files and autopsy
The body bag then was zipped when identifyin' my body
Rewind this shit just a taste, before the captain should spray
And that cop opened up his eyes and my bullet came out his face
"You'll never take me alive," exactly what I replied
When they bumrushed in my duck off and screamed, "If I move, I die"
Bag it up even more, jumpin' outta them cars
Passin' up Big LaKeisha and she just gave 'em a nod
Walk her back to the door, her hand went back on the knob
Her clothes went back on the floor, her mouth went back on my knob
She suckin', swallowin', and fuckin', thankin' dog I'm so lucky
I got the power and bitches and all these dollars I'm clutchin'
Rewind the story some more, see, the night before we're ruggin'
We rolled up baby daddy, she told me where all his stuff is
Fifty K in that cash, thirty K in that soft
Murder was on my heart and that AK off even more
She told me that when I do, to stash the cash at her house
And keep the coke 'til tomorrow, she know where to get it off, reverse

Thursday, Rock told me watch LaKeisha
'Cause the bitch was cutthroat, and forever out there schemin'
Known for settin' niggas up, I seen a lotta mamas grievin'
'Cause the ho manipulate a new nigga every season
Close the door, walk backwards to the room, granny cookin' swine
Maury on the tube, dude sayin', "The baby can't be mine"
Heard the door knockin' right before I turn to hit the dime
Hopped back in the bed, grab the phone, LaKeisha on the line

"Man, look, I'm tellin' you
This shit about to be so easy
All you have to do is go upstairs (Abundance)
The first room on the right, it's all in the close
Just get in, get out, you good, I promise"
"We begin tonight with breaking news
A day of violence for law enforcement
Four officers have been shot
And tonight, a suspect has been cornered"
"This is still a very active crime scene
And SWAT teams have surrounded the house right now where the shooting took place "
"He's uh-he's shown no regard for human life by shooting at several of our people who are trying to take him into custody"
"Once they got inside, they were confronted by an armed suspect and an officer involved shooting ensued
One officer was struck in the face"
"We heard multiple shots and you hear shots going off, um-both directions uh-

sounded like a shootout"

"A witness recounts a gun battle that erupted inside a home tonight
The suspect died right on the floor"
