Propain

Lookin' in her eyes when I really said nothin' (Nothin')
Whispers in my mind thinkin' maybe should do somethin' fuckin' (Fuckin')
Beat it like a 808 and this is my percussion (Ooh)
The thing about a rodeo, round and around we go
I'm just bein' honest, I'ma say the things he won't say
And with that bein' said, now babe, don't take this shit the wrong way
The thing about a rodeo (Woo, woo)
The thing about a rodeo, round and around we go (Look)

Baby, check it (Check it), don't get the wrong impression ('Pression)
I know you hear, "You fine," on every comment, every message
Every pick-up line, "If you was mine," these lame niggas done said it
All at different tries, invested time you spent just to regret it
Girl, I know (Know), I feel ya (Feel ya), but understand it's worth it (Yeah

If you never had the bad, you wouldn't appreciate the perfect (Nah)
See he could throw you cash, the BCBG and the purses
I just, learned up winter past, the realest bitches can't be for purchase
That's the truth (Truth), strong (Strong), correct me if I'm wrong (Wrong)
I know you interested, you wouldn't've heard me out this long (Yeah)
I know you want someone to make you smile and make you moan
This rodeo could change your life, don't hesitate to just get on
