If I

She say, I claim I be workin' all the time (Yeah)  
Ain't that many flows and you don't write that many rhymes  
And she say (What?), late night every time I call your line, you text  
Like boy, you ain't just see me call your line?  
And how your name be up in this gossip (Gossip), but I wouldn't even be trip  
pin' (Nah)  
If you ain't never give me reason to just bein' a man and handle your busine  
ss  
Takin' out time to make sure I'm good (Uh), instead of runnin' round with th  
ese hoes  
Intuition real and the funny thing is he really think I don't know

But that's cool, 'cause one day it's gone come a time when the role reversal  
on you  
'Cause the same thing that'll make you laugh, gon' make you cry, boy, it's t  
rue  
If you went through what I went through, you wouldn't even know what to do  
Don't say that I ain't warn you though

If I don't pick up the phone, leave you all alone  
What would you do? I'ma pull a you on you  
You keep playin' all these silly games  
Shit don't even feel the same, I'ma pull a you on you  
You ain't never home  
Got me spendin' nights alone, I'ma pull a you on you  
You keep playin' all these silly games  
Shit don't even feel the same, I'ma pull a you on you

She say, it's the little things that matter  
And time ain't replacement for these gifts that you throw at her  
She say, "I thought our book was happily ever after"  
But the way you keep on trippin' you gone be just another chapter  
All these promises that you makin', while winters turn into summers  
Ain't nothin' change still the same thing and understand I'm gettin' no youn  
ger  
All these nights my bed is so empty, 'cause you don't ever come home  
And a ring seemin' so far-fetched, you can't even ring up my phone

But that's cool, 'cause one day it's gone come a time when the role reversal  
on you  
'Cause the same thing that'll make you laugh, gon' make you cry, boy, it's t

You ain't no good, good, good for me  
You ain't no good, good, good for me  
You ain't no good, good, good for me  
You ain't no good, good, good for me, yeah
