

# Agoraphobia

Protector

Fear of life and fear of death  
Fear to think and fear to breathe  
You know the horrible answer to it  
The drugs are no way out of it  
You scream out your tormenting pain  
But there will be no merciful saviour  
Your mind is filled with madness  
Because you can't get rid of this feeling

(Repeat the foregoing verse)

Talking without sense  
Thinking about suicide  
Endless, insane nights  
Scream out your despair!

(Chorus)

Agoraphobia - Made you sick  
Agoraphobia - You can't get out  
Agoraphobia - You're a lone wolf  
Agoraphobia - Has separated you from life

(Repeat chorus)

(Repeat 1st verse)

Talking without sense  
Thinking about suicide  
Because inside of the coffin  
There'll be no agoraphobia
