

Infinite Tyranny

Protector

Beaten to pieces
Thrown into a cell
A body full of pain
Raw aggressive violence

Beaten and humiliated
You crawl in your own shit
The guards beat us
No Freedom in sight

Violence - Hatred
Violence - Desperation

Violent Terror
Tortures my life
Violent Terror
Hateful violence

Your will is not worth anything
Obedience to remain free
They suffocate your soul
Everything is black

Humiliated in a cell
Your pride is no more
You are just one of many
Imprisoned and offended

Violence - Hatred
Violence - Desperation

Violent Terror
Tortures my life
Violent Terror
Hateful violence
