

Last Stand Hill

Protector

The hunt is over, time to fight
Let's hit them with force and might
Hurrah boys we've got them
We'll finish them up and then we'll go home

Benteen - Come on
Big Village - Be Quick

On the battlefield there is chaos, confusion and scorn
The blue coats can't escape from the Battle at Little Big horn

Crazy Horse
Chief Gall
Buffalo Calf Road Woman

The battle is violent and ferocious
Brutal, fierce and utterly atrocious
The soldiers defend themselves on Last Stand Hill
But there are too many indians for them too kill

Benteen never came
Reno's troops were on the retreat

On the battlefield there is chaos, confusion and scorn
The blue coats can't escape from the Battle at Little Big-horn

Hoka hey!

The battle was violent and ferocious
Brutal, fierce and utterly atrocious
The soldiers defended themselves on Last Stand Hill
But there were too many indians for them too kill

Benteen never came
Reno's troops were on the retreat

On the battlefield there was chaos, confusion and scorn
The blue coats couldn't escape from the Battle at Little Big ho
