

Referat IV B 4

Protector

Deep in the heart of the Third Reich, behind desks
Planning, day in and day out, something wicked and grotesque
With pen and paper as weapons, and hatred as their guide
They plan and prepare a horrible genocide

Deaths collaborators, Depraved administrators
Scizophrenic bureaucrats, Evil autocrats
Hiding behind forms, playing their roles
Icecold civil servants, sinister souls

Treblinka and Belzec - The end of the death trek
Auschwitz and Chelmno - Gateways to the inferno

Going to work with accuracy, with german precision
Sending millions to their deaths for the aryan vision

Deaths collaborators, Depraved administrators
Scizophrenic bureaucrats, Evil autocrats
Hiding behind forms, playing their roles
Icecold civil servants, sinister souls

Treblinka and Belzec - The end of the death trek
Auschwitz and Chelmno - Gateways to the inferno
Majdanek and Sobibor - Apocalyptic killing floors
Cynicism and scorn - "To each his own"
