

The Dimholt

Protector

Watch your step, you're in the white mountains
These rocks breathe fear
The haunted mountains grasp for your soul
Icy winds whisper in your ear
Among the roots of the Dwimorberg
You hold your breath
The ultimate horror that once was alive
Longs for your death

The betrayers - The liars
They disappeared in these rocks
Take care - Beware
It's the paths of the dead

Watch your step, you're in the white mountains
These rocks breathe fear
The haunted mountains grasp for your soul
Icy winds whisper in your ear
Among the roots of the Dwimorberg
You hold your breath
The ultimate horror that once was alive
Longs for your death

Ered Nimrais - The way is shut
Ered Nimrais - Until the time comes

Watch your step, you're in the white mountains
These rocks breathe fear
The haunted mountains grasp for your soul
Icy winds whisper in your ear
Among the roots of the Dwimorberg
You hold your breath
The ultimate horror that once was alive
Longs for your death

Ered Nimrais - The way is shut
Ered Nimrais - Until the time comes

At Pelargir, threethousandandnineteen
Isildurs heir let them fullfill their oath
