

# Feel The Same So

Protoje

It's been crazy lately  
I've been in my feels  
Got me rearranging  
All of my plans, all my dreams  
It'll be invigorating  
Any time you be around  
Same time it'll be frustrating  
When I see you in a crowd  
My eyes they go wherever  
Girl, all I do is stare  
And when you notice  
I know you would be so extra I swear

How me supposed to feel when you deh close so  
And me just can't reveal fi me emotions  
And me just want fi see you and do the most to you  
Aah  
How me supposed to feel when you deh close so  
And me just can't reveal fi me emotions  
And me just want fi see you and do the most to you  
And girl me want you feel the same so

Mi want you feel the same so  
Girl I want you feel the same so  
I want you feel the same so  
Girl I want you feel the same so  
I want you feel the same so  
Girl I want you feel the same so  
I want you feel the same so  
Same so, same so, same

I've been contemplating  
What all of this means  
It's not that I'm complaining  
But circumstances be real  
And I know you see these changes  
Yeah around and 'round we go  
Doesn't it just feel amazing  
When I got you up in my zone  
You're like my favorite painting  
One I would never sell  
Just have you up in my room  
And keep you to all my self

How me supposed to feel when you deh close so  
And me just can't reveal fi me emotions  
And me just want fi see you and do the most to you  
Aah  
How me supposed to feel when you deh close so  
And me just can't reveal fi me emotions  
And me just want fi see you and do the most to you  
And girl me want you feel the same so

Mi want you feel the same so  
Girl I want you feel the same so  
I want you feel the same so  
Girl I want you feel the same so

I want you feel the same so  
Girl I want you feel the same so  
I want you feel the same so  
Same so, same so, same

Same, same, same, same  
Huh  
Same, same so  
I want you feel same so  
Same so  
Same same same same
