

# Incident Stepping

Protoje

Praises to the King  
That's always how it's been  
Ayy  
Praises to the King  
That's always how it's been  
Jah is within me  
Within you too  
Ayy

Incident in the spirit too  
You nuh see seh nothing new  
Mysticism in the moon  
Mummy feel it in the womb  
Knowledge deh fi ascertain  
Wisdom in the hurricane  
Blessings a go come in rain  
Sun haffi go shine, shine  
(And you know we stepping)  
Incident in the spirit too  
You nuh see seh nothing new  
Mysticism in the moon  
Mummy feel it in the womb  
Knowledge deh fi ascertain  
Wisdom in the hurricane  
Blessings a go come in rain  
Sun haffi go shine, shine

Things have a way to repeat  
Déjà vu when you feel it  
Open your heart to receive  
No open your mouth for no reason  
Oh, as the wars still a wage  
People still stuck in their cages  
Imagine that 'cause a your race  
History remove you from pages  
Well, without African unity  
Then the world could never free  
And so said His Majesty

Anyweh we walk, walk

(And you know we stepping)  
Incident in the spirit too  
You nuh see seh nothing new  
Mysticism in the moon  
Mummy feel it in the womb  
Knowledge deh fi ascertain  
Wisdom in the hurricane  
Blessings a go come in rain  
Sun haffi go shine, shine

To feel di sun upon my face  
It haffi be one of God's many graces  
And you no see the wind carries many secrets  
If you listen in, then it will reveal it  
And you no see quiet is so underrated  
Silence sacred

Knowledge is somethin' so useful  
But without the wisdom, you will tun a fool too  
So balance it (Ayy, ayy, ayy, ayy, ayy)  
I wonder if I'll live to see  
Love in the community  
Liberated and we free  
Anyweh we walk, walk

(And you know we stepping)  
Incient in the spirit too  
You nuh see seh nothing new  
Mysticism in the moon  
Mummy feel it in the womb  
Knowledge deh fi ascertain  
Wisdom in the hurricane  
Blessings a go come in rain  
Sun haffi go shine
